

Health and Herbs Launch Two New Products at Natural & Organic Products Europe 2010

Health & Herbs, the New Zealand company providing dietary supplements and natural cosmetics, will be celebrating the launch of two new products at Natural & Organic Products Europe: Radiance ManukaGuard Nutralize, the natural remedy for the relief of heartburn and acid reflux, and Radiance Ageless Beauty, capsules which provide age defying beauty from within.

Radiance ManukaGuard Nutralize - Tonic

Radiance ManukaGuard Nutralize is a natural remedy for the relief of heartburn and acid reflux. The active ingredients in Radiance ManukaGuard Nutralize are completely natural Medical Grade Manuka Honey and Apple Cider Vinegar both sourced from New Zealand.

We guarantee that this product will work instantly and will keep on working (even if you forget to take it!) providing long term relief from heartburn, has no known side effects and will allow you to continue to eat and drink the things you love.

Initial research results from an ongoing small group study in the USA provide excellent feedback on the efficacy of the product. We also have our own retail panel here at Health and Herbs that consists of Health professionals, Naturopaths and Pharmacists who have again given excellent feedback on the products results.

Special properties of Nutralize – It's the combination of the Apple Cidar Vinegar and the Manuka Honey. Both these products are known for their individual healing beneficial properties in the area of reflux, gut health, healing and general wellbeing so when the two come together this product can be classified as a revolution in heartburn and reflux solutions.

Key features and benefits are that its comprised of tried and trusted, highly efficacious, quality ingredients, has long term relief and works instantly to relieve pain. The beauty with this natural formulation is that it keeps on working and ultimately supports healthy stomach acidity.

Radiance Ageless Beauty – Capsules

Radiance Ageless Beauty, the ultimate in age defying beauty from within, provides ingredients very carefully selected for their beneficial effects on the skin, including hydration, strengthening and rejuvenating, antioxidant protection and clear skin cleansing.

At the heart of this unique formulation is the pure, unadulterated goodness of New Zealand marine and agricultural offerings. New Zealand hydrolyzed marine collagen complex, Vinanza skin performance kiwifruit skin and grape seed extract and Enzogenol pine bark extract. The addition of liver and hormone balancing schisandra, vitamins A, C and E, plus the minerals selenium, silica and zinc make this every woman's secret weapon for timelessly beautiful skin.

Given the amazing assortment of nutrients, super antioxidants and herbs the body needs, Radiance Ageless Beauty can help to regain timeless beautiful radiant skin. New Zealand Marine Collagen is a premium, pure sourced form of hydrolyzed collagen that is bio available and easy for the body to digest. It's a by-product of the fishing industry so no additional resourcing of our oceans is required. Vinanza Skin Performance Plus is clinically proven to improve skin health and is a proprietary blend of antioxidants naturally extracted from New Zealand kiwifruit skins and grape seeds. Enzogenol is a 100% natural extract from the bark of New Zealand grown Pinus Radiata trees. Enzogenol helps protect against cell damage, assists with cellular repair and helps to bind and protect collagen in the skin.
